Dear Ms. Michel,

Thank you for requesting feedback from the Homeland Association about the Hillside Park project. The Homeland Association does not object to Roland Park's plan to acquire the Baltimore Country Club property along Falls Road to create the Hillside Park.

The Homeland Association supports the proposal to make the park available to the public for recreation and believes the preservation of open green space complements the Olmsted design of many of the local historic neighborhoods and will also have a notable positive impact on the area's wildlife and natural environments.

As proposed, the park would be a wonderful natural asset to the local communities and the City of Baltimore.

Sincerely,

Aaron Barton
President, Homeland Association
